DEAN ACADEMICS

PRINCIPAL

VISION OF THE DEPARTMENT

The Department of Electronics and Communication Engineering is committed to promote academic excellence and research to meet the needs of society and International Industrial requirements and standards.

MISSION OF THE DEPARTMENT

- To equip the graduates to be competent with excellent knowledge through innovative teaching methods.
- To promote relevant academic excellence through value added courses.
- To train the graduates in qualitative and quantitative skills in research to meet the International Industrial standards.
- To inculcate ethical values and social consciousness among the graduates to enrich themselves and also the community as a whole.

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

PEO1: To enable graduates to pursue research, or have a successful career in academia or industries associated with Electronics and Communication Engineering, or as entrepreneurs.

PEO2: To provide students with strong foundational concepts and also advanced techniques and tools in order to enable them to build solutions or systems of varying complexity.

PEO3: To prepare students to critically analyze existing literature in an area of specialization and ethically develop innovative and research-oriented methodologies to solve the problems identified.

PROGRAM SPECIFIC OBJECTIVES (PSOs)

PSO1: To analyse, design and develop solutions by applying foundational concepts of electronics and communication engineering.

PSO2: To apply design principles and best practices for developing quality products for scientific and business applications.

PSO3: To adapt to emerging information and communication technologies (ICT) to innovate ideas and solutions to existing/novel problems.

CCM - Class Committee Meeting

GL - Guest Lecture

IV - Industrial Visit

DEPARTMENT ACADEMIC COORDINATOR

DEAN ACADEMICS

PRINCIPAL

VISION OF THE DEPARTMENT

The Department of Electronics and Communication Engineering is committed to promote academic excellence and research to meet the needs of society and International Industrial requirements and standards.

MISSION OF THE DEPARTMENT

- To equip the graduates to be competent with excellent knowledge through innovative teaching methods.
- To promote relevant academic excellence through value added courses.
- To train the graduates in qualitative and quantitative skills in research to meet the International Industrial standards.
- To inculcate ethical values and social consciousness among the graduates to enrich themselves and also the community as a whole.

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

- PEO1:** To enable graduates to pursue research, or have a successful career in academia or industries associated with Electronics and Communication Engineering, or as entrepreneurs.
- PEO2:** To provide students with strong foundational concepts and also advanced techniques and tools in order to enable them to build solutions or systems of varying complexity.
- PEO3:** To prepare students to critically analyze existing literature in an area of specialization and ethically develop innovative and research-oriented methodologies to solve the problems identified.

PROGRAM SPECIFIC OBJECTIVES (PSOs)

- PSO1:** To analyse, design and develop solutions by applying foundational concepts of electronics and communication engineering.
- PSO2:** To apply design principles and best practices for developing quality products for scientific and business applications.
- PSO3:** To adapt to emerging information and communication technologies (ICT) to innovate ideas and solutions to existing/novel problems.
