

“TEACHERS’ DAY” 5th SEP 2023

On 5th Sep 2023, our college celebrated Teachers' Day with great enthusiasm and respect. The programme was organized by the students with the help of the college administration, and it was attended by all the teachers and faculty members.

The programme started with a special assembly, where the students presented speeches and poems to express their gratitude towards the teachers. The students also organized a cultural programme, which included various performances such as songs, dances, and skits. The performances were well-coordinated and well-received by the audience.

The students also presented handmade cards and gifts to their respective teachers to show their love and respect. The teachers were overwhelmed by the gesture and expressed their gratitude towards the students.

The programme was a perfect way to show our appreciation towards the teachers. It helped strengthen the bond between the teachers and students, and it will be cherished by everyone for a long time.

In conclusion, the Teachers' Day programme in our college was a great success, and it was a perfect way to show our respect and gratitude towards the teachers. The programme helped to create a positive atmosphere in the college, and it was a memorable day for all.
