“ENGINEER’S DAY” 15th SEP 2023

Engineer's Day is celebrated on 15th September every year to commemorate the birthday of Sir Mokshagundam Visvesvaraya, a renowned Indian engineer, and scholar. The day is celebrated to honor the contributions of engineers to society and to inspire young students to pursue engineering as a career. In colleges, Engineer's Day is usually celebrated with various events and activities that showcase the talents and skills of engineering students.In this connection,we arranged a Guest Lecture for Enginneer’s Day Celebration:

The event was organized by the college's engineering department, and it included various activities and events that highlighted the talents and skills of our engineering students. The celebration began with a welcome speech by the head of the engineering department, who spoke about the significance of Engineer's Day and the importance of engineering in today's world.

The Engineer's Day celebration at our college was a great success, and it was a testament to the talent and skills of our engineering students. The events and activities organized by the engineering department were a great opportunity for the students to showcase their technical knowledge, creativity, and problem-solving skills. The celebration was a great way to honor the contributions of engineers to society and to inspire young students to pursue engineering as a career. We look forward to celebrating Engineer's Day again next year with even more enthusiasm and excitement.
