

REPORT ON INTERNATIONAL CONFERENCE ON EMERGING TRENDS IN SCIENCE, ENGINEERING AND TECHNOLOGY (ICETSET 2019)

The International conference on Emerging trends in science, Engineering and Technology (ICETSET 2019) was organized by Jerusalem college of Engineering on 22nd March 2019. Dr T Gnana Sambanthan, Professor&Head, Department of CSE, NITTR, Chennai was the Guest of Honor and Dr kumarasamy Kunaraj, Post Doctoral Research Trainee, Mayo Clinic,Rochester,MN ,USA was the keynote speaker for the Conference. Dr.C.R.Rene Robin, Associate Dean welcomed the gathering and thanked the management for the support they have rendered in organizing the conference. The Principal Dr R Nalini and director Dr M Ramalingam felicitated the chief Guest and Keynote speaker. Dr R Nalini, Principal ,JCE introduced the chief guest .During the inaugural address ,Dr T Gnana Sambanthan talked about the importance of core concepts of science in understanding the technologies in Engineering. He also insisted that the researchers should concentrate on learning outcomes. Conferences are a major source of cutting edge research, particularly in science and engineering. The grey literature of our conference is a treasure of unique works by various authors and is crafted with utmost care. The dignitaries released the conference proceedings. Dr kumarasamy Kunaraj shared his research ideas as part of the keynote address. He spoke about the importance of machine learning algorithms and impact it creates in various research domains. He also gave an insight in pursuing higher studies in India as well as abroad. Dr S Rama Reddy, Dean R&D delivered the vote of thanks. He thanked the Management, Principal, Director, HODs of various departments, teaching and non-teaching faculty for the successful conduct of the conference.

Release of the Conference Proceedings
