

DEPARTMENT OF BIOMEDICAL ENGINEERING

Organizes

A One Day Hands-on Seminar on

“Patient Monitoring & Emergency Medical Devices”

Resource person

Ms.R.Mahalakshmi

*Senior Application Specialist & Chief Trainer,
Focus Imaging Systems*

Mr.Mohammed Sahil

*Sales and Application Specialist, Focus
Imaging Systems*

Date : 25.02.2026

Time : 09.00 am to 12.00 pm & 12.30 pm to 3.30 pm

Venue: Seminar Hall

Participants: II YearBME

Ms.B.Nivetha
Coordinator

Dr.J.Samuel Manoharan
HOD-BME

Dr.S.Sathiyamurthy
Principal

BIOMEDICAL INTERNSHIP PROGRAM

Programme Highlights

- Biomedical Clinical Engineering
- Clinical Engineering Basics
- Medical Device Hardware
- Hospital Medical Equipment Maintenance
- Safety and Mocking
- Service and Maintenance
- Testing and Calibration
- Demonstration and Application
- Personal Skill Development and Soft Skills
- Placement and Internship Training
- Field Experience (Sales, Service, and Clinical)

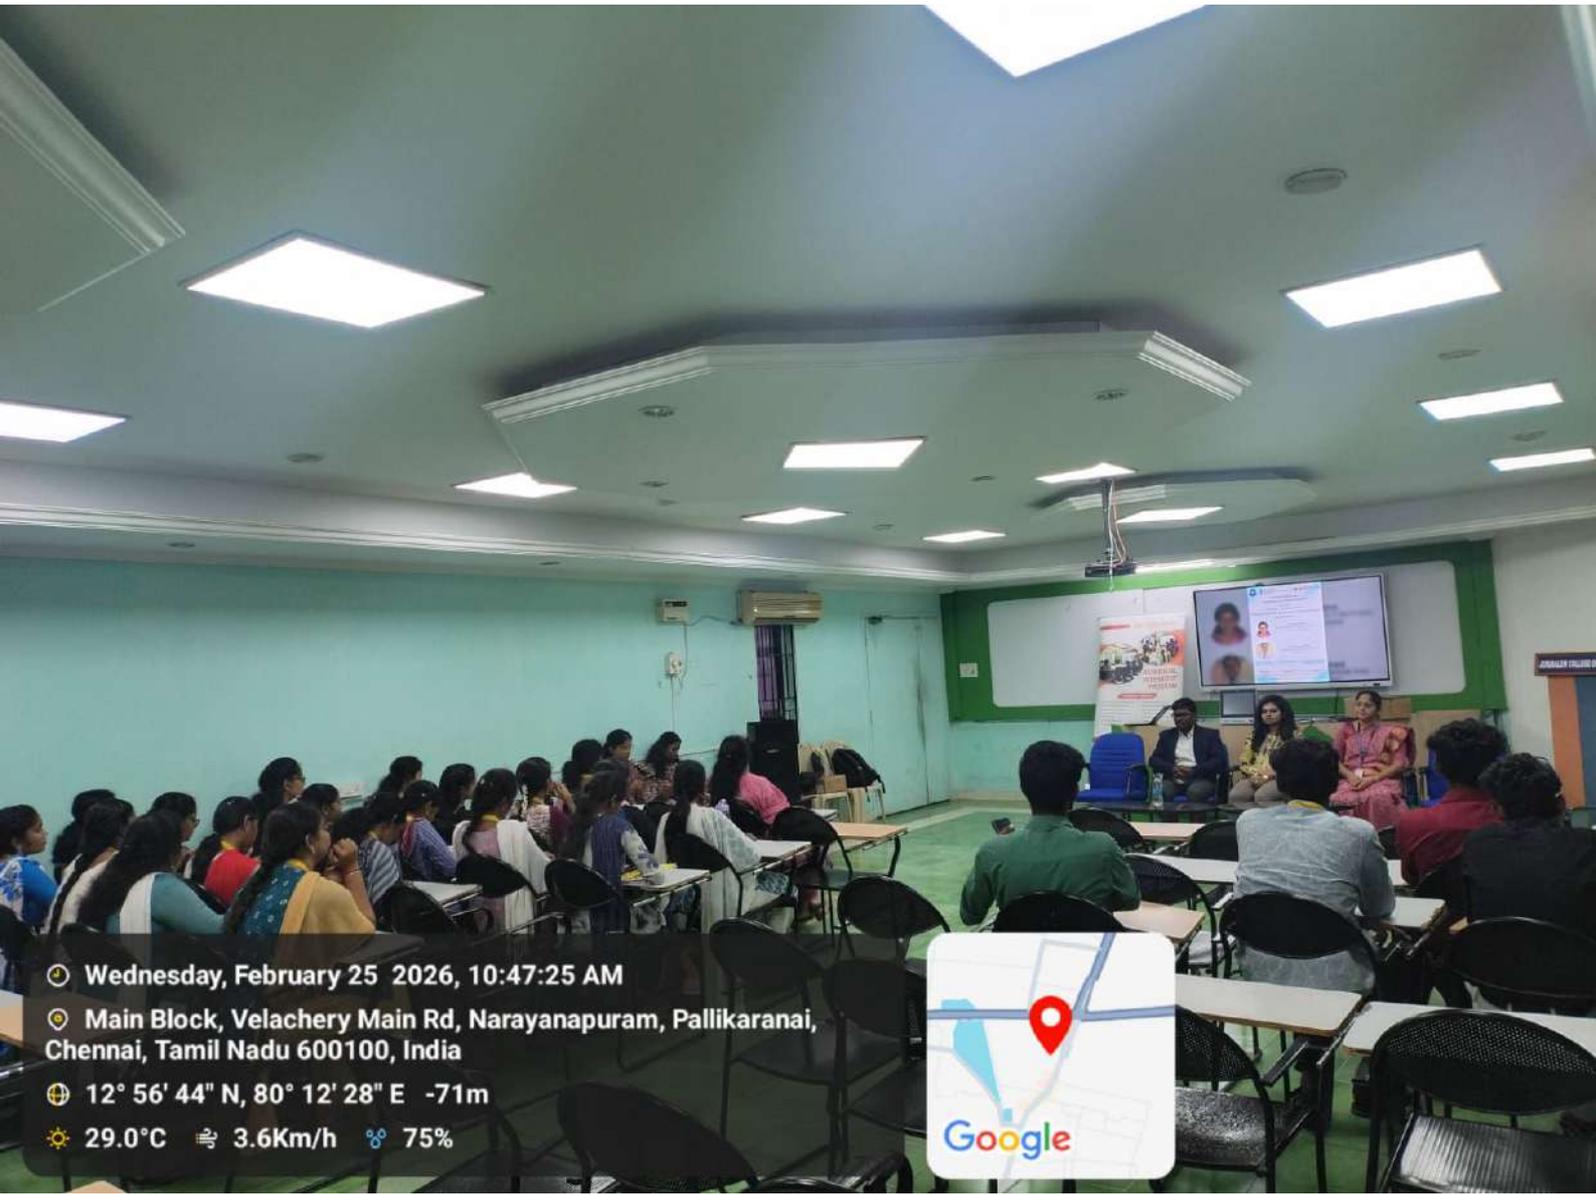

A man in a blue blazer and glasses is demonstrating a medical device. He is holding a brown fabric cuff connected to a white cable. The cuff is being placed on the arm of a younger man standing next to him. In the foreground, a white medical monitor sits on a glass table, displaying vital signs: a heart rate of 60, a blood pressure of 99, and a respiratory rate of 14. The monitor also shows a 'Demo' label and a small ECG waveform.

A younger man with curly hair, wearing a light blue patterned shirt and black pants, stands with his arms crossed. He is wearing a yellow lanyard with a badge around his neck. He is looking towards the man demonstrating the device.
