The agenda items were discussed in detail, as outlined below:

Item No. 1 – Approval of the Regulation of R2027 for the BE CSE. at Jerusalem College of Engineering

The Chairperson presented the proposed Regulation changes for R2027. During the discussion, members suggested the following revisions:

The members suggested

- Computer Networks Course to be offered in the second year of the programme.
- Machine Learning Course can be offered along with Practical Component.
- C++ subject can be added in third semester.
- To add more than 6 subjects in each vertical
- Subjects like prompt Engineering, NLP, GEN AI, devops can be made mandatory
- For the course titled “Fundamentals of prompt Engineering”, it was suggested that the syllabus can be combined with Essential of computing and the subject can be made as integrated.

Item No. 2 – Ratification and Approval of the Revised Panel of Internal and External Examiners to be Forwarded to the Academic Council

The Chairman presented the revised panel of internal and external examiners for the B.E CSE Programme. After reviewing the list, the members ratified and approved the panel without any modifications. It was resolved that the approved list would be forwarded to the Academic Council for further consideration.

Item No. 3 – Best Practices

The Chairperson highlighted several pedagogical initiatives and innovative teaching and evaluation methods currently adopted by the Department of Computer Science and Engineering. These initiatives encompassed student development programs to enhance participation, professional certification opportunities, methods to reinforce foundational understanding, and the application of digital tools to facilitate impactful learning experiences.

General Suggestion:

JERUSALEM COLLEGE OF ENGINEERING
AN AUTONOMOUS INSTITUTION

Approved by AICTE, New Delhi, Affiliated to Anna University Chennai.
Accredited by NBA, New Delhi and Accredited by NAAC with "A" Grade.
Velachery Main Road, Narayanapuram, Pallikaranai, Chennai, Tamil Nadu - 600100.

- Ensure that there is no content overlap across different syllabi.
- Collect and incorporate feedback on the curriculum from relevant stakeholders.
- Include more domain-specific courses from the second year.
- All departments can mandate Machine Learning courses.
- Internship and Project courses can be given importance in the Final Year.

The members appreciated the efforts and contributed **additional suggestions and ideas** to further enrich the teaching-learning environment. This includes the integration of experiential learning, industry-based projects, and collaborative learning techniques.
