

SIRPI

An Initiative by Sevabharathi – Tamil Nadu
for Building Resilient Minds That Can Transform Future

What IS SIRPI?

An Initiative to upskill young minds from rural, deprived backgrounds & make them employable in high tech jobs. This is being done **without any cost to the youngster** & only with a motivation to help them realize their dreams

SIRPI Train and Hire Model first batch was successfully completed with the support extended by Jerusalem College of Engineering Chairperson and Principal along with management and administration team

for Building Resilient Minds That Can Transform Future

Our Cherished memories from the Program

A special mention goes to **Chairperson Dr. Prof. M. Mala,** and **Secretary , Manikandan G** for their visionary leadership and encouragement along with the necessary logistics to ensure the smooth and which played a pivotal role in facilitating this initiative.

We extend our heartfelt gratitude to the Principal of Jerusalem College of Engineering, **Shri Dr. Ramesh S,** and his entire administration for their invaluable guidance and support for the successful completion of this program and accommodated this program despite their regular class hours.

Our sincere thanks also go to the management authorities for their approval and steadfast support of this social cause. We are truly indebted to their contributions.
